

NATIONAL PACKAGING SERVICES, INC.

INTRODUCING THE ONLY FAMILY OF TH HDPE DRUMS ALL WITH 2" FITTINGS

OLD CRIMP ON METAL
CAP WITH RAZOR
SHARP HAZARD

ANOTHER NPS EXCLUSIVE THE 15 GAL "DOUBLE DEUCE"

Old style 15-gal HDPE drums have one 2" NPT Fitting and one 3/4" NPT Fitting. That means:

- Two different torque wrenches for UN Closure... **EXPENSIVE**
- Two different sized Cap seals... **INCONVENIENT**
- Two different print jobs on the Cap Seals (for added security)... **REDUNDANT**
- Two Different Cap Seal Crimping Tools... **VERY EXPENSIVE**

The new NPS "DOUBLE DEUCE" 15-Gal TH HDPE drum has one 2" NPT Fitting and one 2" Buttress Fitting just like its 30-Gal & 55-Gal "Big Brothers".

- One 2" Torque wrench covers 100% of your UN Closure requirements for all three drum sizes.
- In addition, the new Tamper Evident 2" snap-on cap-seal does away with expensive crimping tools and provides a level of tamper evidence heretofore unachievable. Add a LOGO print job and your product is totally secure.
- Still need a 3/4" NPT opening for a 3/4" spigot? The 2" Buttress Plug incorporates a 3/4" NPT threaded reducer just for that purpose.

This is the drum you've been waiting for...and NPS is giving it to you. Available in Natural & Blue 100% Food Grade Resin. UN Certified. FDA & EU Compliant.

**ALL USE THE SAME SIZE
SNAP-ON TAMPER
EVIDENT CAP SEAL!**
